

MAY 4 1951

General F. Trubee Davison  
President  
American Museum of Natural History  
Central Park West and 79th Street  
New York, New York

Dear Trubee:

I am very anxious to have a talk with you relative to one of the major problems that I face in this Agency. Would it be convenient for you to come down here one day in the near future? I would appreciate your letting me know at your earliest convenience, and I will do everything in my power to adjust my schedule to meet your convenience.

With kindest regards,

Sincerely,

25 YEAR RE-REVIEW
